

BigBrainz Installation Instructions with screen shots

Go to <http://www.bigbrainz.com/>

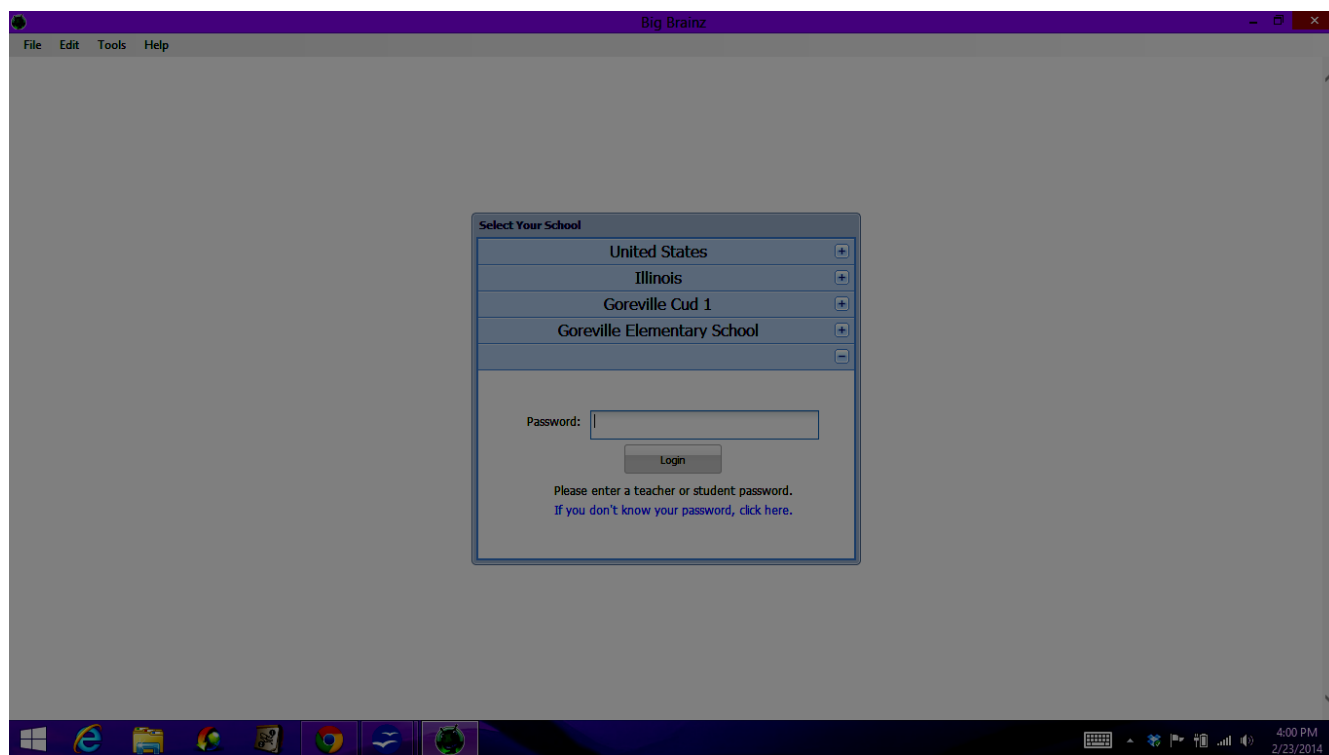

In the center of this screen, click on Schools

Click on either Windows or Mac depending on your computer

After clicking on the appropriate link, be “agreeable”. Let it install to your computer. In the last box, there will be a check mark on the screen. This will make Big Brainz open on your computer.

You will have to tell it “United States”. Then state will come up – type IL and Illinois will come up. Click it. In the next box, there are LOTS of schools in Illinois so, if you type **gor**, Goreville Cud 1 will come up – click on it. Then, choose Goreville Elementary School. The password for Grades 2 and up is blackcats The password for 1st Grade is 123

After putting in the password, choose your teacher and then your name. Click on the game you want to play and have fun!
